Info re Request for Contribution
(Attach application form)

CONTRIBUTION FOR COMMON BOUNDARY FENCING

You have requested information regarding the Waimakariri District Council contributing costs towards the replacement or building of a common boundary fence.

The Council does contribute to the costs of erecting a common boundary fence for reserves or general Council property. The amount payable is half the cost of the supplied written quote, or up to the value of \$25 per lineal metre plus GST (being half of the average industry total cost per lineal metre) whichever is the lesser.

Written approval must be obtained from the Council prior to works proceeding for the Council to contribute.

In order to obtain a contribution, the Council will require

- A copy of the resident's property title to show that no fencing covenant exists
- Evidence that the existing fence needs replacing or a new fence is needed i.e. photo
- A quote for the fencing works, or a quote for materials and boundary measurements where the owner is building the fence themselves.

Please find enclosed an application for fencing contribution and should you have any further enquiries please contact the Customer Services Helpdesk on phone 311 8900.

Yours sincerely
