

# Traffic Signals

## Island Road/Ohoka Road, Kaiapoi

---

### We're installing traffic lights at the intersection of Island Road and Ohoka Road.

The Island Road/Ohoka Road intersection has been flagged as a high risk intersection due to the increasing traffic volumes, wait times and the potential for serious crashes.

#### The work will include

- Upgrading the Island Road/Ohoka Road intersection with traffic signals
- Kerb and channel works including relevant drainage improvements
- Structural resurfacing including raising the intersection to aid in speed management.

#### Timing of work

The work is due to commence 26 February 2024 and run through until the end of May 2024.

#### How the work may affect you

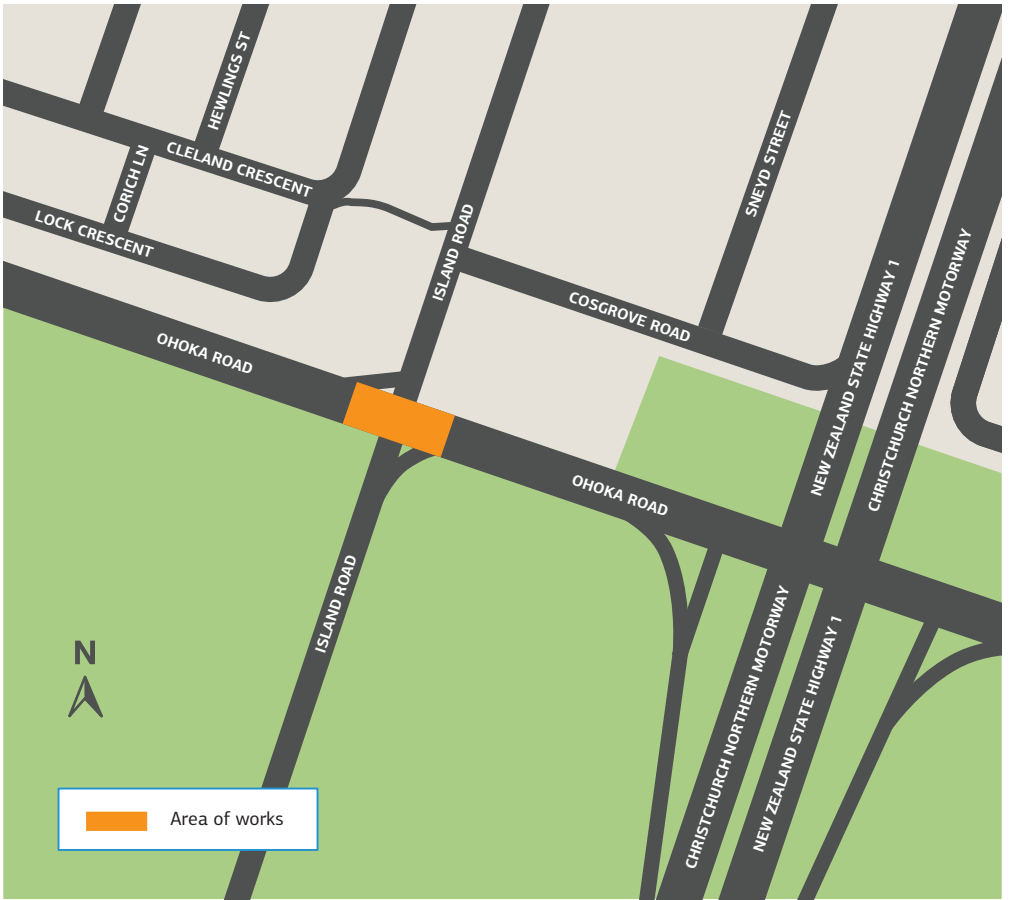

##### Traffic impacts

Traffic management impacts will be communicated in advance as we progress. Expect some minor delays. However we will do everything possible to minimise this.

##### General impacts

Noise, dust, potential night works (to be confirmed).

*Please turn over*
