## Important information

The owner (or applicant or agent with the authority of the owner) of a property may request a work start extension prior to the consent being lapsed if building work has not started within 12 months of issuing of the consent, as per Section 52 of the *Building Act 2004*. If building work has not started and there has been no request for extension within 12 months of issuing the consent, then the consent is lapsed.

Council will respond to this request with a confirmation following a technical review to determine whether any regulatory changes have occurred that may require an amendment or minor variation to the building consent, to ensure compliance with current regulations. Please note that associated fees will apply for a work start extension.
