Great thanks Audrey.

We will prepare a memorandum as the Chair has requested. In terms of timeframes, are you happy if we wait and file this after the Panel has directed whether a new hearing is appropriate?

Subject: RE: CIAL response to Minute 4

Hi Annabelle, thank you for your email. The Chair thanks you for your offer to prepare a memorandum which sets out CIAL submissions and further submissions and the hearing stream(s) that you think best and would like you to undertake this exercise.

Minute 1 sets out the hearing schedule will be confirmed at the time of formal confirmation of the hearing date, which occurs 10 working days prior. Why we requested 15 days is to allow us to put the timetable together and confirm the timetable within the 10 days. As I know you would appreciate that we would be unable to do this on the day that is due.

Regards, Audrey

Good morning Audrey,

We write in response to Minute 4 and advise that Christchurch International Airport Limited (*submitter 254*) do not oppose a separate hearing stream for submissions that relate to the Airport Noise Contour and Bird-strike. CIAL will abide by the direction of the Hearings Panel.

If the Panel is minded to establish an additional hearing stream, CIAL will seek to clarify its attendance at other chapter hearings. For example, CIAL has submissions relating to policies and objectives in the Energy and Infrastructure chapter which do not explicitly relate to the Air Noise Contours / Bird-strike. If it would be of assistance, we can prepare a memorandum which sets out CIAL's submissions / further submissions and the hearing stream we think they fit best.

Furthermore, we are hoping to clarify administrative matters set out in Minute 1. Paragraph 118 directs that speaking time is to be confirmed by submitters 10 working days prior to the relevant hearing. However, the latest notice of hearing for stream 4 requests that speaking time is confirmed by 22 June, which is 15 working days prior to the hearing. We would be grateful if you could please let us know which timeframe we should proceed with.

Ngā mihi | Kind regards
