## 1. COMMUNITY OUTCOMES, PRESENTATION and DISCUSSION

Zack Lappin

To form into four workshop groups and have discussions around ideals for the Waimakariri district from 2024 – 2034, a ten-year period. Ideas towards policy briefings, future economic planning, environmental thoughts, expected growth in the region, cultural ideals etc. Kim and Temi from council combined with Youth Council members.

**ACTION: Zack will draft the notes taken from the meeting into a written submission to put before Council.**

## 2. REPORTS FOR DISCUSSION

Councillors

### Niki Mealings

August has been mainly taken up by attending hearings – lots of them.

- The District Plan development
- The landfill Resource Consent.
- The Ohoka change of land use.
- The Woodstock Resource Consent.

Niki mentioned to the group that when making submissions, it can be very helpful to express your likes and dislikes in the submission as well as to state the positive changes your submission may make and the possible outcomes to your suggestions.

### Mayor Dan Gordon

Likewise, Mayor Dan has also been busy attending hearings. Samples are being taken around the quality of water throughout the district. Some challenges are presenting around transient camper vans parking in the Kaiapoi red zone. Looking at the future of regional transport. Applications for council grants are coming in, details on council website.

A citizen's ceremony was held to welcome new migrants into the area – they come from all around the world. Dan attended the recent Kaiapoi Voluntary Fire Brigade Service Award evening. Fifty-four service awards were recently received by local volunteers.

Council is hoping for government investment towards the expected cost of climate change.

Dan thanked the group for arranging the meet and greet earlier tonight.

## 3. DUDLEY PARK PROJECT

Project Goup

The mural is underway. It is being painted by local high school students at Mark Larsen's workshop.

It was discussed that whether the project sub- group should meet fortnightly or monthly. The next meeting will take place Thursday 28 September.

#### 4. ENVIRONMENTAL PROJECT

##### **Mapping:**

**Lexie Mealings**

Lexie is working on producing maps for both Rangiora and Kaiapoi showing where the 'op shops' are, their opening hours, contacts etc. It was discussed whether, in the future, Youth Council could arrange collection points for donated items. To be engaged on social media; TikTok for example.

##### **River Clean Up:**

**Aaliyah Raja**

The next river clean-up will be held on Sunday 24 September on the Ashley River. Support from ECan and Hurunui Youth Council. **Reminder: This will be the first day of daylight saving.**

**ACTION:** Tessa to forward river clean up details to Ruby.
