

Under 5's Learn to Swim Term 4—2026

Commences: Monday 12 October 2026

General bookings open: Tuesday 22 September 2026

The focus of our programme is to provide children with a strong foundation of balance and body positioning in the water and then build on these skills. Learning to swim is a life skill and takes time.

Babies Level 1 25 minutes	Parents assist in introducing babies to safety, confidence and mobility in the water in a fun and enjoyable environment. (6—14 months)
Babies Level 2 25 minutes	Babies maintain and develop new skills gained in Level 1. (15—22 months)
Toddlers Level 1 25 minutes	Parents assist in introducing toddlers to safety, confidence and mobility in the water, in a fun and enjoyable environment. (22 months—2.5 years)
Toddlers Level 2 25 minutes	Toddlers develop independence, maintain and develop new skills gained in Toddlers Level 1 and Babies Level 2. (2.5—3 years)
Preschool 15 minutes	Level 1- Introduces children to the water and builds confidence while working on their floating skills. Level 2- Children learn to float unassisted and focus on the basic building blocks to good swimming techniques. Level 3- Children build on the basic skills they have learnt with the introduction of arms. (3—5 years)
