Dear Steve and Kathy

## PROPOSED ASHLEY POTABLE WATER PUMP SHED

As per our discussion on site two weeks ago, Council would like to position a new potable water pump shed on your property located at 510 Loburn Whiterock Road, Lot 1 DP 10448. The proposed location of the pump shed is shown on the attached diagram.

Council will pay for all the survey, fencing and legal costs for new proposed pump shed. An easement over the proposed site would be established so that future accessibility would be granted to council for maintenance of the pump shed.

Council would offer you a free Ashley Water scheme unit (1800 litres per day) as way of compensation for having the pump shed on your property. This agreement would stay with the property so any future land owners would benefit from it.

If you are happy with this offer, please sign this letter below and return in the enclosed envelope and I will start the legal and survey process.

If you wish to discuss the requirements of this letter further, please contact me on (03) 314 8816.

Yours sincerely

Matt Dowdall
