# Chairperson's Message

Dear Residents

Each of our communities are unique, each with their own identity and characteristics. Our aim is to recognise what makes each community special and take this forward into the future.

The Community Board is elected by you to represent and advocate for you at a local level. To this end we want you to share with us your feedback, ideas, views and concerns. We would like to know what you think is most important in your community.

Our focus is to ensure that the community is at the centre of everything we do, every decision we make and in our planning for the future. Please contact any member of the Board through the contact details shown on pages 7-8, attend meetings, or catch up with us at events.

We welcome individuals and groups to come along to meetings and tell us about what is important to them or projects they are working on. Please contact our Governance Adviser at [com.board@wmk.govt.nz](mailto:com.board@wmk.govt.nz) to book a time for this.

The Board also has some funding available for community groups which may assist a group with a community project. Application details are on page 10.

To help keep you informed the Board has a Facebook page @WoodendSeftonCommunityBoard, which will help you stay informed about what is happening in your community and ways for you to have your say about various Council or other agency projects. A monthly column from the Board in The Woodpecker, a local community newsletter, is also a good way to keep up to date with what is happening.

Planning for the future growth of our communities has been, and will continue to be, of paramount importance to the Board. This includes the need for, and importance of, planning for future community facilities, a focus on safety improvements needed on SH1, particularly through Woodend, public transport needs, and town centre planning.

We will also focus on advocating to Government for the Woodend Bypass to be funded to allow Woodend to be a safe community without the busy State Highway dividing it.

Environmental issues including climate change and the impact of proposed changes regarding water, both regionally through Environment Canterbury and nationally, will be felt in our communities.

Looking to the future I am excited as there are many opportunities for our community. The ongoing growth means as a community we have to work toward ensuring that as we grow, the community and recreational facilities, and the infrastructure keep pace.

We look forward to hearing from you.

**Shona Powell**

# Our Community

The Woodend-Sefton Community Board covers the communities of Woodend, Woodend Beach, Ravenswood, Pegasus, Waikuku, Waikuku Beach and Sefton, along with surrounding areas.

We are a diverse area, including several towns and communities, rural areas and the coastline, which includes residential, farms, lifestyle blocks, commercial retail business along with many home-based businesses. The population as at mid 2021 was 10,200. The Woodend, Ravenswood and Pegasus areas have undergone significant growth in the last few years which brings both opportunities and challenges. The development of the Ravenswood commercial area will also bring a new dimension to our communities. State Highway 1 physically separates many of our communities with the ensuing issues around connectivity and safety.

Our area has significance both ecologically and culturally. Waterways include the Pacific Ocean, Pegasus Bay, Ashley-Rakahuri River, Tūtaepatu Lagoon, Pegasus Lake, Saltwater Creek, several

Pegasus Bay

coastal streams and various wetlands. The Ashley- Rakahuri Saltwater Creek Estuary – Te Aka Aka, is internationally recognised with its own ecosystem and diverse birdlife, including many migratory birds. We share the Tūhaitara Coastal Park, a real treasure, and the Te Kōhaka o Tūhaitara Trust has a 200-year plan to rehabilitate the park to an indigenous coastal ecosystem supporting a diverse range of native flora and fauna species and providing sustainable mahinga kai.

An important historical and cultural site, Kaiapoi Pā, where Ngāi Tahu’s South Island trading was once centred in the 1700s, sits between Waikuku and Pegasus.

“... Kaiapoi Pā was established by the first Ngāi Tahu ancestors when they settled Te Wai Pounamu. Kaiapoi Pā was the major capital, trading centre and point from which further penetration of the South Island occurred so the area is a genealogical centre for all Ngāi Tahu whānui (descendants).

Kaiapoi Pā was established by Moki’s elder brother Tūrākautahi who was the second son of Tūāhuriri, hence “Ngai Tūāhuriri” is the name of the hapū of this area.”

# What is a Community Board?

The Waimakariri district is divided into three wards with the Woodend-Sefton Community Board representing the northern end of the Kaiapoi Woodend ward, including the communities of Woodend, Woodend Beach, Pegasus, Ravenswood, Waikuku Beach and Sefton.

The Board works closely with residents and local community groups to understand your priorities and concerns and to seek the best outcomes for communities. The Board pro-actively engages with the local community, including consulting and sharing information to enable the Board to represent and advocate your interests on a local level which is then fed back to the Council.

The Community Board is not the Council nor is it a committee of the Council. The Board works collaboratively with the Council at a local level to achieve community goals. The Board is also responsible for any areas delegated to it by the Council.

The Local Government Act (2002), states that the role of a Community Board is to represent and advocate for the interests of its community. The Waimakariri district is currently divided into three wards, and the Woodend-Sefton Community Board provides feedback, leadership and support to residents within the northern part of the Kaiapoi Woodend Ward.

The Woodend-Sefton Community Board is comprised of five elected members, plus two appointed Councillors of the Waimakariri District Council, giving a total of seven members.

## How does the Community Board do this?

- Taking an overview of the Council's services and projects affecting the community area, including water supply, sewerage, stormwater drainage, parks, recreational facilities, community activities, as well as roading and traffic management projects
- Engaging with residents, community organisations and groups in developing local solutions and keeping you informed by using a variety of means including a Community Board Facebook page, articles in community newsletters, and being visible and accessible

- By encouraging community participation in local Board and Council decision-making
- Advocating to the Council on key issues and priorities for the community area, especially through the Annual and Long Term Plan processes
- Providing grants to community groups and organisations
- Granting of leases or licences on reserves
- Acting as a link for residents to access Council services
- Maintaining positive working relationships with key Council staff and management
- Actively participating in Council business, including the annual budget, to ensure equitable spending across the district while being mindful of rates affordability
- By working collaboratively with other Community Boards to promote an understanding that they do not work in isolation but as a team in conjunction with the Council.

# Performance Expectations 2022-2025

- Working closely with and supporting the Pegasus Residents' Group and the Woodend Community Association while assessing the level of interest in Waikuku for its own community organization.
- Developing strategies for the Board to become an effective, cohesive voice in representing the community viewpoint at meetings and policy hearings.
- Developing and promoting the Community Board as a vehicle for local residents to seek assistance and advocacy in accessing Council services and consultation processes.

Owen Stalker Park

# What's Happening Now and Looking Forward?

There are a number of projects underway in the Woodend-Sefton Community area. This section outlines those projects.

## Recreation

- **Welcome Entrance Signs** - As part of improving landscapes within the ward, the Board has contributed funds towards an entrance sign to Woodend Beach and, as a separate project, signs for Woodend. Consultation for these signs will be undertaken in 2023 giving the local community an opportunity to have their say on what the signs look like.
- **Owen Stalker Park** - In 2020 the Community Board approved a master plan for the redevelopment of Owen Stalker Park. This redevelopment is now complete including new playground features, the revamp of the existing train and BMX track and new paths and amenities. This has been a real hit with both the school students and the wider community. The Board has approved funds towards some information signage about the park and Owen Stalker who donated the land on which the park is situated so as to enable visitors to appreciate the important contribution Owen Stalker made to the community through his life and with this park.
- **Waikuku and Pegasus Beaches** – viewing platforms are planned for both these beaches to allow greater accessibility for visitors. A surf lifesaving tower is also planned for Pegasus Beach.
- **Cycle and Walking Paths** – the Council successfully applied for funding for two cycle and walking paths in our area. Between Woodend and Kaiapoi connecting to Kaiapoi High School, the Passchendaele Memorial Path and the Northern Corridor path linking through to Christchurch. And also between Woodend and Ravenswood along SH1.
- The Board continues to advocate for protection and enhancement of waterways and wetlands for recreational purposes.
- Working with Visit Waimakariri to ensure that visitors are well informed about the great walking and cycling opportunities in the area.
- Working with the Council to ensure connectivity between communities via safe cycle routes.
- Supporting action by the developer, as the owner, on the toxic algae bloom in Pegasus Lake, in conjunction with Environment Canterbury and the Council, to ensure the Lake is available as a recreational asset for the District.
- Working with the community and the Council on the redevelopment of the Woodend Beach playground and new toilets. Like many of the playgrounds in this area, it serves not only the local community but many visitors.
- Working with the community, interested parties, and Council to help develop a spatial plan for Waikuku Beach. This will give an overall plan which can be used over time by groups that have expressed an interest in developing various recreational opportunities. It will also give the community the opportunity to have input into the type of recreation they would like to see and how it could all fit together.
- Continue to support and encourage visitors to the Tūtaepatu Trail and the Tūhaitara Coastal Park.

## Walking and Cycling Strategy

- The Board supports the Walking and Cycling Strategy, and encourages its residents to consider alternative methods of transport, and as such is keen to see more walking and cycling connections between communities.
- The Walking and Cycling Network Plan was adopted by the Council in October 2022 which aims to cater for all levels of cyclist.
- Cycle links between Kaiapoi and Woodend are a priority one project. For the Woodend to Ravenswood Roundabout link, however, detailed design work or construction would not

take place until Waka Kotahi has finalised its design for the safety improvements along State Highway One between Woodend and Pegasus. The development of these pathways was also included as part of the Council’s application for Climate Emergency Response Funding (CERF).

### Infrastructure

- Working with staff to improve drainage in flood prone areas, especially Waikuku Beach, Woodend Beach and Sefton.
- The continued pressure on NZTA – Waka Kotahi for safety improvements along SH1 from the Ashley River Bridge and through Woodend has finally paid dividends with an announcement in December 2022 of funding for the safety improvements which were consulted on several times between 2016 and 2019. These improvements are needed in Woodend to allow breaks in the traffic flow on SH1 to allow vehicles easier access to SH1 and the ability for pedestrians to cross more safely. Design work and consenting will get underway in 2023 with work starting in 2024.
- To work with and support the Council to protect community assets and seek to improve and protect water in the community and in the District.

### Sense of community

- Recognising the value of the current Pegasus Community Centre which provides a focal point for surrounding communities. The

Board continues to encourage planning for future needs to ensure the development of user friendly and future focused community facilities including Community Centre, Library and Service Centre which are needed urgently.

- We are continuing to advocate strongly to Government, in partnership with the Council, for the Woodend Bypass to be funded. This will improve safety for all and allow Woodend to be a community which isn’t divided by a very busy SH1 and make it much more livable and a destination for the businesses.
- Continue to advocate to NZTA - Waka Kotahi the importance and need for a safe way for pedestrians and cyclists to cross between Pegasus and Ravenswood commercial area (SH1) as well as a safe pedestrian and cycle access between Pegasus roundabout and Woodend.
- The Board supports the Sefton Hall Committee working in partnership with Council staff on the rebuild of the hall to enable the community to come together in a user- friendly facility focused on the community. Currently the Committee is considering the lease offered in the Domain by the Council prior to fundraising efforts commencing.
- Working with the Council to provide youth facilities in the Pegasus and Ravenswood area. Council funding has been approved but the link to community facilities has held this project up.
- Continue to advocate to Environment Canterbury for better public transport options.

### Growth

- Working with Council, businesses, the community and other stakeholders to help develop a strategy for the Woodend Pegasus area during the 2022/23 year. This will assist in planning for the future and provide a blueprint going forward
- With the growth planned in Woodend, Ravenswood and Pegasus, the Board will continue to advocate for planning to ensure the future needs of the surrounding communities are met. This will include land acquisition, infrastructure, community facilities, and connectivity
- Advocating for balanced growth that enhances and protects the character of the communities, recreational opportunities, livability and employment.

# Waimakariri Youth Development Grant

## Purpose of the grant

In 2018 the Waimakariri Community Boards established the Waimakariri Youth Development Grant to support one or more young people seeking:

- To enhance young people's skills and strengths; especially self-worth, decision-making, good relationships, resilience, positive mental health, life-skills and leadership
- To provide opportunities for young people to connect positively with their community in meaningful, practical ways
- To help and benefit others.

## General overview

Available to young people living in the Waimakariri District aged between 12 and 24 at the time of application. An annual grant of up to \$4,000 is available for allocation to suitable applicants in any one year. The Youth Development Grant Committee may award more than one grant up to a combined maximum of \$4,000 in a financial year (1 July to 30 June). If the Youth Development Grant Committee do not award the maximum funding in November of a year, further applications will be called for.

## Application process

Applications must be fully completed and supported by two referees. (For example teacher, school principal, employer, faith leader, youth worker or community group leader). One reference may be permitted from a member of the applicant's wider family. Information will be available on the Council website at [waimakariri.govt.nz/community/funding-and-grants/youth-development-grant](http://waimakariri.govt.nz/community/funding-and-grants/youth-development-grant)

## Selection process

The Youth Development Grant Committee includes the four Community Board Chairs and an appointee of the Waimakariri Youth Council. The Committee is the sole decision-making body.

Short-listed applicants will be expected to present their application to the Committee in person and to answer any questions that the Committee may have. Applicants will be expected to provide an overview of their proposed project/activity to the Committee and they may choose how to do this. The Committee members will ask all applicants a series of general questions to help them make a decision.

The Council staff will work with the successful applicant to formalise an agreement on how the grant will be paid to them. This is really important as the Committee needs to be sure that the grant is spent on the project/activities the applicant has told them about and to also provide additional guidance to our youth.

## Previous recipients
