

Aquarobics

This is a low impact but high energy form of exercise. It's great for non-swimmers, anyone nursing an injury, and general fitness. All classes are 45 minutes long.

AQUA-EASE

Intensity:
Low-Medium

This class offers a low to medium intensity workout ideal for beginners, seniors and those recovering from injury. It aims to improve core stability, coordination, agility, muscular strength and overall flexibility with the use of equipment.

AQUA-JOGGING

Intensity:
Low-Medium

This class caters for all fitness levels. It is a deep water work out with the aid of a flotation belt. It is a non impact class, but still challenging and requires no swimming skills.

AQUA-COMBO

Intensity:
Medium-High

This class offers a medium to high intensity workout to improve core stability, agility, muscular strength and overall flexibility. It is technique based with the use of equipment.
