KiwiRail Holdings Limited: Hearing Stream 3 Natural Hazards

KiwiRail Holdings Limited (KiwiRail) wishes to record support for the s42A recommendations in regard to all KiwiRail submissions in regard to Hearing Stream 3 Natural Hazard and confirm that we will not be filing any evidence.

KiwiRail supported the following Natural Hazards rules as notified on the basis that they recognise the operational and functional needs of rail infrastructure.

NH-O2 Infrastructure in natural hazard overlays

NH-P10 Maintenance and operation of existing infrastructure

NH-P13 New above ground critical infrastructure upgrading of critical infrastructure within high flood hazard areas

NH-P14 New infrastructure and upgrading of infrastructure within fault overlays

NH-R6 Above ground critical infrastructure

KiwiRail also further submitted in support of submissions 195.58 and 195.61 relating to NH-P13 and NH-R6.

KiwiRail supports the recommended amendments in the s42A report.

Yours sincerely,
