## Submission details

The specific provisions of the proposal that my submission relates to are as follows: *(please give details)*

the proposal to extend OX023 Island Road Beech beyond the existing beech vegetation community is challenged, due to the fact that there is no indigenous vegetation of significance in the proposed extension.

My submission is that: *(state in summary the Proposed Plan chapter subject and provision of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons) (please include additional pages as necessary)*

the Wildland Assessment of 2019 for OX023 Island Road Beech proposed extension does not contain indigenous vegetation of significance. The arguement that the dominant gorse and scotch broom is currently acting as a nurse crop for indigenous forest species is strongly contested.

I/we have included: _____ additional pages

I/we seek the following decision from the Waimakariri District Council: *(give precise details, use additional pages if required)*

That the SNA 80408 should not be extended beyond its existing boundaries as proposed in the notified district plan. We are content with the status quo.
