

## FLOOD RECOVERY FORTNIGHTLY STATUS REPORT

As at Wednesday, 3 April 2024

### Fortnightly Report

#### Introduction

The district experienced a significant rainfall event over the weekend of 22-24 July 2023, with the coastal area around Woodend receiving approximately 150mm of the rainfall over a 48 hour period.

The purpose of this report is to update the Utilities and Roading Committee and Community Boards on the status of the drainage and sewer service requests and further investigations:

#### Report Format

This report will be prepared fortnightly and will include the following information

- This Dashboard showing:
  - General commentary
  - Dashboard metrics
  - Specific commentary on Key Focus Areas
  - An attached report on all the investigations

#### General Update

Maintenance Investigations are still holding at 137 investigations completed, with a further 27 to have the work programmed and only 3 investigations that are open, as these are the final investigations to close out.

Investigations have been steadily dropping with 90% of the Investigation work having been completed. We now have 45 investigations completed and 35 investigations being reviewed, leaving 8 under investigation and 0 waiting to be investigated.

#### Tenders - Greens Road Box Culvert Upgrade

Greens Road Box Culvert upgrade is now out for tender with the works starting in May.

#### Tender - Wilson Drive

This tender is in the process of being awarded.

#### Physical Works

With investigations now being completed and out comes found, we are now transitioning to start to deliver the physical works as we have done with Wilson Drive and Greens Road tenders, and the number of project will continue to increase.
