Submission details

The specific provisions of the proposal that my submission relates to are as follows: *(please give details)*

SPZ (KN) Special Purpose Zone - Kainga Nohoanga

Land not held as Maori land and held in other ownership are disadvantaged by this new provision. We are all New Zealanders, have purchased our land in good faith, v paid our rates, supported the local school etc therefore we should be able to build and live on our small block of land the same as you are proposing for only Maori descendants. By not changing the plan all landowners on the Maori Reserve you are disadvantaging us., Many would have owned their land for many years whether they are Maori descendants or not we should be looking at equality, not being divisive.

My submission is that: *(state in summary the Proposed Plan chapter subject and provision of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons) (please include additional pages as necessary)*

Rules change over time for everyone - previously Maori descendants could build on their land, some chose to build some not, some chose to sell their land to anyone - the rules at some stage enabled any one to build providing it was an economical unit. It needs to go back to anyone can build their home on their land - you are providing for Maori descendants being able to build up to 7 houses because of the way used to live - if you do that you should allow any other land owner to build a one home to live in.

I/we have included: _____ additional pages

I/we seek the following decision from the Waimakariri District Council: *(give precise details, use additional pages if required)*

Amend plan to include anyone able to build one home on thier small rural block of less than 4H if that was this original size on the title.
