Submission:

Kaiapoi North School is included in the detail of this plan to develop an area of land residentially close to it. It will be important for

the WDC and any future developers to:

- meet with the Ministry of Education and the school principal to detail any development plans at the earliest point to ensure the capacity of the schooling network can cope with the increase in school aged children in Kaiapoi
- discuss access and safety provisions for additional traffic to the school
- discuss the safety provisions for children biking/walking to school from the newly developed areas
- ensure the drainage of existing properties around the area including the school is not impacted by any new developments

Jason Miles - principal, Kaiapoi North School
