Submission details

The specific provisions of the proposal that my submission relates to are as follows: *(please give details)*

Special Purpose Zone - Kainga Nohoanga

My submission is that: *(state in summary the Proposed Plan chapter subject and provision of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons) (please include additional pages as necessary)*

Special Purpose Zone - Maori Reserve 873

I oppose as I believe any New Zealander not just Maori dependents should be able to build on the land they own within the Maori Reserve if they intend to live on the property themselves, providing the land is not subdivided and it is the original size on the title e.g. 2.88H as at the moment no one can build on it because it is under the 4H rule.

By making the change as you intend to you are disadvantaging anyone who does not have any Maori blood. Also many Maori that you are allowing to build would not be full Maori so it makes no sense to discriminate against all New Zealanders. The original Maori owners sold the land to anyone, who has paid market price for it and all the rates for the bare land, so anyone should be entitled to build if wanted to. Especially since council water and sewer is in front of the land or if not economy of scale would make it cheaper to extend council services to other blocks on the reserve. It will look patchy with up to 7 houses in one spot and nothing for a while. Would ruin the character of Tuahiwi.

I/we have included: _____ additional pages

I/we seek the following decision from the Waimakariri District Council: *(give precise details, use additional pages if required)*

All land owners can build a house regardless of size if that was the original size on their title of ownership. and not a subdivision.
