Submission:

I support the provisions for allowing descendants to utilise whenua the way it was intended without constraints of the regional district planning. Too long, whenua has lay idle due to restrictions imposed by a lack of regional council recognition

of Kemps Deed intentions - this has impacted the ability of my whanau to return to the whenua. A lot of hard mahi has been done by my the Runanga and now the local council.

Relief sought

I would like the council to expedite the ability for descendants to utilise what is rightfully theirs especially in the current housing climate. For me personally, this would see a return to the whenua my father was born and raised and a reconnection to my whakapapa and a chance to better understand my connection to mana whenua.
