Submission details

The specific provisions of the proposal that my submission relates to are as follows: *(please give details)*

Our submission relates to the proposed land uses associated with the SPZ[KR] Zone adjacent to Wyber Place, Courtenay Drive and The Oaks in North East Kaiapoi

My submission is that: *(state in summary the Proposed Plan chapter subject and provision of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons) (please include additional pages as necessary)*

We are opposed to the inclusion of Commercial and /or industrial activity in the SPZ [KR] zone. Our residential community, significantly reduced, after the belated decision that the land was no longer suitable for residential buildings is already close to a commercial / industrial area in Kaikanui Street, Stone Street and Courtenay Drive between the railway and Williams Street,

To consider allowing building on the red zoned land is a betrayal of what residents were informed of, That is: that the land could not be built on.

Whilst property values have held up reasonably well in the remaining residential area the introduction of Commercial/Industrial activity immediately adjacent to the houses will have a negative impact on values. Further, such activity will increase all types of vehicular traffic creating noise, vibration and parking issues on a road clearly unsuitable for such traffic. There is almost certainly going to be additional area noise, visual pollution, rubbish, and possible discharges from non residential activities.

I/~~we~~ have included: — additional pages

I/~~we~~ seek the following decision from the Waimakariri District Council: *(give precise details, use additional pages if required)*

If ,as the council now asserts, the land can be repatriated to a level where building can be sustained, such building must be residential. If for no other reason, the Council has a moral obligation to its citizens, having previously been complicit in the decision that the land was no longer suitable for buildings after the earthquakes.

Alternatively , if housing cannot be rebuilt on the land it should be given over to either parkland, low noise and traffic impact recreational purposes or such things along the lines of the Honda Forest with walking tracks etc,

Above all , any decision on land use in the SPZ[KR] zone must enhance the sense of community and not detract from it. Commercial/Industrial activity will have a negative effect on the community.
