YOUR SUBMISSION:

The particular parts of the submission I/we support/oppose are:

We support the intensification of housing within the proposed plan. We would like to be considered in the change of zoning for our property (22 Marchmont Road) from rural to large lot residential

The reasons for my/our support/opposition are:

There is a lack of large lot residential on the northeast side of Rangiora, especially around the golf course area. The new Belgrove subdivision intensifies the land on the western side of the golf course but this leaves a large amount of rural-zoned properties in very close proximity to the new subdivision.

I/we seek that the whole (or part) of the submission be allowed (or disallowed):

We seek for the whole submission to be allowed.
