- (b) **Approves** the installation of a memorial seat at Gladstone Park (and plaque) in memory of Brook Wilson, with installation and purchase costs met by the Wilson family.

CARRIED

P Stone commented that her family had a memorial seat at Waikuku Lagoon for her father and she understood how valuable such seats could be for families, particularly on anniversaries and birthdays. She was happy to support the family's request and was pleased that a suitable location had been identified for the seat.

A Thompson was pleased to support the motion.

6.2 Woodend-Sefton Community Board's 2026/27 Discretionary Grant Fund and 2026/27 General Landscaping Budget – T Kunkel (Governance Team Leader)

T Kunkel spoke to the report, advising that it was the annual report outlining the Board's General Landscaping and Discretionary Grant allocations for the 2026/27 financial year. She noted that the Board had previously been advised that the discretionary grant fund would not be carried over from the 2025/26 financial year; however, following discussions between the Chief Executive and Council, it had been confirmed that the fund would now be carried forward.

S Powell expressed a concern that some of the Discretionary Grant Fund Criteria conditions appeared to be inconsistent. She noted that it was particularly helpful when applicants provided details of project budgets and estimated costs. It also assisted the Board's decision-making if there was a clear understanding of how the grant funding would be spent. S Powell observed that while the guidance indicated this information would be helpful to the Board, it was not stated as a mandatory requirement. She further noted that

applicants frequently did not complete the section relating to other sources of funding received and suggested that this information should be made compulsory.

Responding to a question from T Bartle, T Kunkel confirmed that the Discretionary Grant Fund Application Forms were standard across all Community Boards. The only variation was that the Rangiora-Ashley Community Board's funding limit was \$1,000 per application rather than \$750.

B Cairns suggested organisations should be required to declare the expected income from ticket sales for events.

Moved: S Powell

Seconded: J McLachlan

- (a) **Receives** Report No. 260527125138.

- (c) **Notes** that the Board's Discretionary Grant Funding allocated by the Council for the 2026/27 financial year is \$7,200.
- (d) **Approves** the Board's Draft Discretionary Grant Fund Application Criteria and Application Form (Trim: 210603089821).

CARRIED

6.3 **Application to the Woodend-Sefton Community Board's 2026/27 Discretionary Grant Fund** – T Kunkel (Governance Team Leader)

T Kunkel spoke to the report, noting that the Hope Community Trust had applied for funding to purchase shelving. She advised that the Trust provided food parcels to the community and, following incidents where donated food had gone missing, had identified a need to store donations securely. The application was noted as meeting the Board's funding criteria.

S Powell noted that the amount requested in the application was \$944, whereas the report recommended funding of \$472. T Kunkel advised that the applicant had been informed that it was unlikely the full amount would be granted and had subsequently been asked what reduced amount they would be prepared to accept. The applicant had advised that \$472 would be acceptable.

Moved: S Powell

Seconded: A Thompson

THAT the Woodend-Sefton Community Board:

- (a) **Receives** report No. 260525122846.
- (b) **Approves** a grant of \$472 to the Hope Community Trust towards heavy-duty shelves to store donated food for food parcels.

CARRIED

S Powell commented that the Hope Community Trust provided significant benefits to the community and delivered an important service to many local residents. She considered the application to be a worthwhile use of the Board's Discretionary Grant funding.

B Cairns noted his involvement with the Hope Community Trust and highlighted the wide range of community services it provided. He advised that the Trust operated a food forest and the Hunters for Hope initiative, through which venison mince was distributed to members of the community. B Cairns further noted that the Trust hosted community meals each Wednesday evening, serving approximately 90 to 100 people. He remarked that the food bank was only one aspect of the Trust's broader contribution to supporting the community.
